Customer Reviews

I bought this as part of a trio for my cosmetology class and I'm amazed at how thorough and easy to follow everything is! The pictures really help and the review questions and key terms are very useful when studying for an exam. Love it!

I found out later (after buying hundreds of dollars worth of books and workbooks) that my class only needed the textbook, so I didn't actually need to buy these other ones. I did use a couple of the others, but I never once opened this one. If you are studying for cosmetology, I really wouldn't bother with it - Also, I noticed that in these books, there is an amount of questions that are wrong or errors in spelling, placement of words on the pages etc. That it is quite noticeable. Someone needs to go through and update these!

I would recommend this to cosmetology students that require this book. 5 star rating because it arrived in excellent unused condition and on date stated.

Very good book. Will make you think and study. Very in-depth and inquisitive to make you have to research studying for state exam found it very helpful
