# Sonography: Introduction To Normal Structure And Function, 4e

## Synopsis

Without a thorough knowledge of the appearance of normal anatomy, you may have a tough time recognizing abnormalities in ultrasound images. Get a firm grounding in normal anatomy and physiology from an ultrasound perspective with *Sonography: Introduction to Normal Structure and Function*, 4th Edition. The new edition of this highly visual introductory text presents a wealth of ultrasound images, accompanied by labeled drawings with detailed legends, to increase your comfort with normal anatomy as it appears during scanning. Its consistent chapter format makes the content easy to navigate and reinforces the discipline of following a standard protocol to scan each area of the body. Detailed line drawings accompany most sonograms to explain what you should notice on each scan. If you do not see the structure, or are uncertain of it on the image, you can look at the diagram for confirmation. Over 1,500 images provide a thorough, visual understanding of sonography. Consistent organization with a standardized heading scheme helps you when searching for information. Content on quality control protocols in the clinical setting shows you how to recreate the most optimal scanning settings and techniques. Evolve resources provide you with additional learning tools.

## Book Information

Hardcover: 736 pages

Publisher: Saunders; 4 edition (November 13, 2015)

Language: English

ISBN-10: 0323322840

ISBN-13: 978-0323322843

Product Dimensions: 1.2 x 9 x 11 inches

Shipping Weight: 4.3 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars See all reviews (4 customer reviews)

Best Sellers Rank: #21,747 in Books (See Top 100 in Books) #8 in Books > Textbooks > Medicine & Health Sciences > Allied Health Services > Radiological & Ultrasound Technology #9 in Books > Medical Books > Allied Health Professions > Radiologic & Ultrasound Technology #6871 in Books > Reference

## Customer Reviews

Fast delivery. Book exactly like in description. I'm totally satisfied. I recommend this seller.

Great book great service thanks

Very good deal.

Had to have it for my daughters school
