Useful addition to a vocal library. Check Key range before purchasing since this edition relates more to the Movie Version than the original Play. Fiddler on the Roof: Vocal Selections

You should be aware that this is neither the soundtrack to the film, nor the score of the Broadway show. This is an abridged, mutilated and transposed piano version of 8 numbers originally from the Broadway musical of the same name. If you want the real deal you will have to spend eighty bucks and get the full score from our friends at Hal Leonard. It nevertheless gets good marks as an affordable, easy to play sheet music for beginners.

Fiddler on the Roof is one of my favorite musicals!! This contains all the vocal numbers, and the piano part is not too difficult.

Overall this is a great book that is musically accurate. Some of the songs are a little simple for an

advanced pianist, but I still really enjoyed it!

Easy to play but not elementary. Good for sing- along or just enjoying the music and lyrics over and over again.

This book hasn't changed in the many years since I lost my old one -- and that's a huge plus. Arrived quickly, in perfect condition, and includes some wonderful Broadway music.

The text is a little small but its still the same music from the musical, not the movie! Still the same songs but if singing along they are different from the movie version

This was exactly as described. The piano music is simple renditions for novice piano players. I would recommend this to anyone who needs to sign Fiddler on the roof songs.
