Synopsis

VanDam's award winning NYC StreetSmart 9/11 Edition maps all top attractions including museums, major architecture, hotels, theatres, shopping destinations, and the subway system for all of Manhattan - all at an immensely legible super-scale of 1:32,000, complete with 3-D building illustrations. Clear information design allows users to read the map from three feet away and has earned VanDam maps a place in the MoMA Collection. The NYC StreetSmart 9/11 Edition includes a stunning dimensional detail of Downtown Manhattan with the 9/11 National Memorial site at 1:8,000 scale at its center to make you feel you are there. Also includes guided walks, and an address finder covering all of New York City. The other Boros, collectively known as The City of New York, including The Bronx, Brooklyn, and Queens, are available as separate maps. StreetSmart maps are updated several times a year and are more current than any other map available. Simplicity reigns supreme in information design to make complex cities clear and understandable. Our typography creates character and reveals the true bones of the vertical city. VanDam uses a letter grid to identify locations on maps - no confusing and cluttering K-28 or V-34s - its just the city from A-Z. Our covers map the icons of each city and turn them into collectible graphic art. Each sleek and laminated city map package opens to 24" x 9" and then easily folds down to 4" x 9" to snugly fit into a shirt pocket or purse. Gain instant NYC StreetSmarts and a sexy souvenir to boot!

These maps are good for a few years so I decided to give this brand a try. If you live in NYC and need a guide to the subways, or neighborhoods or places to go/see, etc. or if you intend to visit, this is a must have. It is a street map and has all the neighborhoods noted as well as all the tourist attractions. Want to see Times Square; no problem. It's noted on here along with the subway stops to get you there. And that cover: it is a tribute to the Towers and the artwork is outstanding. Worth every penny!! Love it. By the way, SreetSmart also has maps of the other boroughs in case you're visiting Brooklyn or The Bronx or . . .

The map was very useful for getting around NY streets, you can make your search in advance about every point you want to visit. However the subway system is not very complete here, so you may want to download the application NY subway into your phone, which works amazingly perfect, giving you routes and maps.

We LOVE this map! It's a little larger than some other laminated maps (although it folds to the same size), and it includes a larger map of Lower Manhattan. My 6 y/o son loves the pictures of the skyscrapers - he's planning our trip around visiting them!

This is a great map that details the new buildings in the WTC area of lower Manhattan. The size, shape, and lamination of the map are excellent. The inclusion of a subway map is a plus and always necessary for visitors to NYC. I've used a number of NYC maps, this one is one of the best.

I purchased three maps for our trip to NYC. This was the one I ended up using the most because it was the easiest to read. The over-sized lower Manhattan section was great. The map had many of the sites we wanted to visit marked on it.

So great to have such a clear map of the post-9/11 lay of the land downtown. Both myself and my 9 year old love the Arithmetic of the Avenues on this one. Nothing quite like VanDam maps, an incredible resource for locals and visitors alike. My advice-- pick up a VanDam map of any city you plan to visit!

I already have the downtown VanDam map but got this one for my visit to the 9/11 memorial. It's a respectful and elegant tribute, and makes for a fitting keepsake.

I found my way around with this map...incredibly clear and easy to read...highly recommended..and it fits into your pockets...and fold open
