# How To Draw Manga Ears (How To Draw Manga! Book 3)

## **Synopsis**

From the art studios of Manga University, Japan's leading publisher of English-language educational manga, comes an all-new series of mini How to Draw Manga guides. Each guide consists of about two dozen pages of easy-to-follow tips and basic manga-drawing techniques, all fully illustrated in the award-winning Manga University style! Designed with the beginning artist in mind, this entry-level guide explains the basics of drawing manga ears, and challenges the student to think about how even the simplest of ears are essential for characters of all kinds. "How to Draw Manga Ears" features the art of Manga University instructor Koda Tadashi.

## **Customer Reviews**

The is way more to this short little book then I was thinking there would be. Overall a nice read plus hard to go wrong for a buck

It is a very short book. Only about 13 pages. However it has a lot of information. It gives you all the different angles of ears, as well as fantasy examples. For a small book I think it is worth the price. It helped me that's for sure.

This is a good third book to both a good first and second book of a good manga drawing book series.

I'm not very good at ears. This book may be short but it is a good reference to look at.

well for a how to book it's not very good but as a reference it's great. I recommend it for starters
